D1. The middle radical is vowelled with a fatha, and the third paradigm i-a as well as their passive forms are such that the middle letter is vowelled with a kasra, then the glide will be change to an alif. ألف

D2. If the glide is followed by alif of duality, then one of the alifs would drop.

If Rule D1 is applied, then cluster reduction must followed.

Rule 1. (Group 2) If a waw واو is the last letter of the verb, and is preceded by a kasra, it will change to ya ياء.

Rule 2. Group 2) If after a glide is preceded by a matching short vowel, it will give its vowel to the letter before it then drop.

Rule 3 (Group 1) If a madmuwm glide is preceded by a matching short vowel in the same word, the vowel on the glide will drop.

Rule 4 (Group 1) If a waw واو occurs as the fourth letter (and beyond), and the preceding vowel does not match, the waw واو will change to ya ياء
